Dear Mr. Kranze:

This letter is in regard to the staff development program on "Differentiating Instruction Through Multiple Intelligences" that you presented to our staff at Lincoln Public Schools, Lincoln, Montana.

Mr. Kranze did an excellent job of working with and presenting to the staff. The staff appreciated the information and suggestions that were offered to them. Several staff members made the comment- "I wish I would have had this training earlier in my career!"

Mr. Kranze's presentation was humorous, informative and included several activities that kept the interest of the group.

On behalf of the staff, thank you for an outstanding workshop!

Sincerely,

Kathy Heisler, Supt.
