1324 Clarkson-Clayton Center #234
Ellisville, MO 63011

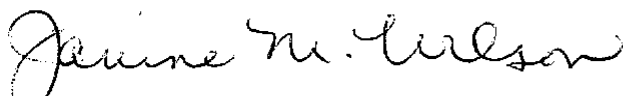

Dear Mr. Kranze:

This letter is in regard to the recent two-day staff development program that you facilitated for our district's teachers. The sessions were very impressive and your presentation was both entertaining and informative.

Our teachers previously completed five days of in-service on differentiated instruction in several different formats, and your program certainly complimented the work we had begun. Many teachers wrote complimentary comments on the evaluation forms in addition to giving the workshop very high ratings. Some wrote that it was the best workshop they had attended in years, and they obtained practical information that they would use immediately in the classroom.

In conclusion, we would highly recommend you as a presenter and facilitator. If I can ever be of service, feel free to contact me.

Respectfully,

Janine M. Wilson, Ed.D.
Assistant Director
Fayetteville City Schools
